

Treatments

Treatment fees include professional and clinical fees; however, they do not include the cost of additional services and procedures, nor the cost of medications, which may vary depending on drug insurance plans. The estimated fees must be paid in full before the start of any treatment, including fees for additional services and procedures.

In Vitro Fertilization (IVF)

		Freezing ²	Total
1. IVF/IVM (fresh cycle) ¹	\$8,505	\$1,450	\$9,955
2. IVF + Directed Egg Donor	<i>Includes embryo freezing and first year of storage, thereafter \$365/year.</i>		\$13,655
3. IVF + Surrogacy ³			\$16,055
4. IVF + Surrogacy + Directed Egg Donor ³			\$17,655
Frozen Oocyte Replacement Cycle (FORC)			
5. FORC ^{1,3}	\$6,000	\$1,450	\$7,450
6. FORC ^{1,3} + Egg Bank ⁴	\$6,720	\$1,450	\$8,170
7. FORC ^{1,3} + Egg Bank ⁴ + Surrogacy	\$9,120	\$1,450	\$10,570
8. FORC ^{1,3} + Own Eggs + Surrogacy	\$8,700	\$1,450	\$10,150

¹ Assisted hatching included if prescribed.

² Freezing of surplus embryos includes first year of storage, thereafter \$365/year.

³ ICSI included.

⁴ Eggs and/or sperm from banks not included.

Frozen Embryo Replacement Cycles (FERC)

9. FERC ⁵	\$3,000
10. FERC ⁵ + New Surrogacy Workup	\$4,600

⁵ Assisted hatching included.

Fertility Preservation

11. Fertility Preservation	<i>RAMQ coverage if eligible. See page 2 for details.</i>	
12. Elective Egg Freezing	<i>Includes first year of storage, thereafter \$365/year.</i>	\$7,855
13. Elective Embryo Freezing		\$8,755
14. Elective Embryo Freezing + Egg Bank ^{4,6}		\$6,430
15. Elective Sperm Freezing per sample ⁷		\$700

⁶ ICSI included. Treatment currently unavailable for surrogacy projects.

⁷ Available to patients under the care of a physician at the MUHC Reproductive Centre.

Intrauterine Insemination (IUI)

16. Intrauterine Insemination	\$1,400
17. Intrauterine Insemination + Sperm Bank ⁴	\$2,120
18. Monitoring for timed intercourse	\$900

Refund Policy

- Cancellations after the start of treatment will be refunded based on the stage of treatment at the time of cancellation. See reimbursements per treatment on page 2.
- If no embryos are frozen, the cost of freezing surplus embryos is refunded.
- Unused additional services and procedures, with the exception of Preimplantation Genetic Testing (PGT) services, are refunded in full.
- Except for third-party reproduction treatments, the refund is always issued to the patient, regardless of who submitted the original payment.
- Fees may be subject to change.

Patient/Partner Consent

I am (we are) aware of the estimated fees associated with the treatment, including fees for additional services and procedures. I (we) understand that any additional services or procedures that I (we) opt for after the initial payment will be invoiced and must be paid prior to start of treatment. I (we) have reviewed and understand the refund policy for my (our) treatment, as detailed on page 2.

Services and Procedures

Additional services and procedures that may be required:

Laboratory

Egg Thawing	\$1,000
Embryoscope	\$500
ICSI	\$1,600
Sperm Selection Zymot	\$350
Storage Fees (annual)	\$365
Tank Rental	\$200
Tank Transport Coordination	\$300

TESE

TESE	\$3,000
ICSI for TESE/ MicroTESE	\$2,000
Total	\$5,000

MicroTESE

MicroTESE	\$4,500
ICSI for TESE/ MicroTESE	\$2,000
Total (excluding external clinic fee)	\$6,500

Directed Sperm Donation (DSD)

DSD Freezing ⁸	\$500
DSD Workup + 1 sample freezing	\$1,600
Additional sample ⁹	\$500

⁸ Freezing of 1 sample for a RAMQ covered cycle.

⁹ Additional samples must be frozen within 1 year of the first sample.

Third-Party Reproduction

Coordination Fee – Donor Banks	\$720
Second Sperm Provider Surrogacy	\$800
Lab Serologies – Donor	\$300

Preimplantation Genetic Testing (PGT)

Consultation – PGT	\$250
PGT-A / PGT-M / PGT-SR	
<i>Pricing available upon request.</i>	

Other

External IVF Monitoring ¹⁰	\$1,600
Mock Cycle	\$900
Implantation Test – Monitoring	\$900

¹⁰ For treatments done in another clinic.

Pricing for the Uninsured ¹¹

Ultrasound Saline	\$719.41
Ultrasound Saline +Tubal Patency	\$769.41
Ultrasound Routine	\$495.01
Ultrasound Viability Dating	\$470.01
Consultation – Fertility Specialist	\$395.61
Hysteroscopy	\$559.52
Hysteroscopy with Biopsy	\$787.37
Endometrial Biopsy	\$637.37
Spermogram	\$250.00

¹¹ For patients under the care of a physician at the MUHC Reproductive Centre. See page 2 for details.

Refunds per Treatment

1. IVF/IVM	\$8,505
After calendar – before start of injections	\$8,005
After start of injections – before egg retrieval	\$6,255
After egg retrieval – before fertilization	\$2,100
After fertilization – before embryo transfer	\$1,200
After embryo transfer	\$0
2. IVF + Directed Egg Donor	\$13,655
After calendar – before start of injections	\$11,255
After start of injections – before egg retrieval	\$9,505
After egg retrieval – before fertilization	\$5,350
After fertilization – before embryo freezing	\$4,450
After embryo freezing – before FERC	\$3,000
After calendar – before embryo thawing	\$2,500
After embryo thawing – before embryo transfer	\$1,200
After embryo transfer	\$0
3. IVF + Surrogacy	\$16,055
Before calendar	\$13,355
After calendar – before start of injections	\$12,855
After start of injections – before egg retrieval	\$11,105
After egg retrieval – before fertilization	\$6,950
After fertilization – before embryo freezing	\$4,450
After embryo freezing – before FERC	\$3,000
After calendar – before embryo thawing	\$2,500
After embryo thawing – before embryo transfer	\$1,200
After embryo transfer	\$0
4. IVF + Surrogacy + Directed Egg Donor	\$17,655
Before calendar	\$13,355
After calendar – before start of injections	\$12,855
After start of injections – before egg retrieval	\$11,105
After egg retrieval – before fertilization	\$6,950
After fertilization – before embryo freezing	\$4,450
After embryo freezing – before FERC	\$3,000
After calendar – before embryo thawing	\$2,500
After embryo thawing – before transfer	\$1,200
After embryo transfer	\$0
5. FORC	\$6,000
After calendar – before egg thawing	\$5,500
After egg thawing – before fertilization	\$3,700
After fertilization – before embryo transfer	\$1,200
After embryo transfer	\$0
6. FORC + Egg Bank	\$6,720
After calendar – before egg thawing	\$6,220
After egg thawing – before fertilization	\$3,700
After fertilization – before embryo transfer	\$1,200
After embryo transfer	\$0
7. FORC + Egg Bank + Surrogacy	\$9,120
Before calendar	\$6,720
After calendar – before egg thawing	\$6,220
After egg thawing – before fertilization	\$3,700
After fertilization – before embryo transfer	\$1,200
After embryo transfer	\$0
8. FORC + Own Eggs + Surrogacy	\$8,700
Before calendar	\$6,000
After calendar – before egg thawing	\$5,500
After egg thawing – before fertilization	\$3,700
After fertilization – before embryo transfer	\$1,200
After embryo transfer	\$0

9. FERC	\$3,000
After calendar – before embryo thawing	\$2,500
After embryo thawing – before embryo transfer	\$1,200
After embryo transfer	\$0
10. FERC + New Surrogacy Project	\$4,600
Before calendar	\$3,000
After calendar – before embryo thawing	\$2,500
After embryo thawing – before embryo transfer	\$1,200
After embryo transfer	\$0

11. Fertility Preservation

Refund policy not applicable. People who have a valid health insurance card (RAMQ) do not have to cover fertility preservation costs for medical conditions that permanently affect the ovaries or testes. However, there may be some fees for medications. The coverage includes 5 years of storage, or storage up to the age of 25 for young patients.

12. Elective Egg Freezing	\$7,855
After calendar – before start of injections	\$7,355
After start of injections – before egg retrieval	\$5,605
After egg retrieval – before egg freezing	\$1,450
After egg freezing	\$0

13. Elective Embryo Freezing	\$8,755
After calendar – before start of injections	\$8,255
After start of injections – before egg retrieval	\$6,505
After egg retrieval – before fertilization	\$2,350
After fertilization – before embryo freezing	\$1,450
After embryo freezing	\$0

14. Elective Embryo Freezing + Egg Bank	\$6,430
Before egg thawing	\$4,910
After egg thawing – before fertilization	\$3,950
After fertilization – before embryo freezing	\$1,450
After embryo freezing	\$0

15. Elective Sperm Freezing	\$700
After sample collected and no sperm frozen	\$600

16. Intrauterine Insemination (IUI)	\$1,400
After first ultrasound – before insemination	\$500
After insemination	\$0

17. IUI + Sperm Bank	\$2,120
After first ultrasound – before insemination	\$500
After insemination	\$0

18. Monitoring for Timed Intercourse	\$900
After first ultrasound	\$0

Pricing for Uninsured Patients

Pricing for uninsured patients is for patients who do not have a valid RAMQ card. The fees include professional and clinical fees.
