BYLAW NO 2 RESPECTING THE PROCEDURE FOR ELECTING MEMBERS OF MUHC CENTRAL USERS' COMMITTEE

June-August 2022 update; must be adopted by MUHC CUC following formation of new committee

SECTION ONE

GENERAL PROVISIONS

1. **Object**: The object of this bylaw is to confirm the procedure for the election of members of the MUHC Central Users’ Committee (hereinafter MUHC CUC).

2. **Definitions**: Terms that may be applicable in the course of the MUHC CUC’s activities are defined below:

   2.1. **The Act respecting health services and social services or The Act**: the Government of Quebec law regulated by the Ministry of Health and Social Services (MSSS) governing services and setting out rules and regulations for establishments, as well as for certain stakeholders (https://www.legisquebec.gouv.qc.ca/en/document/cs/S-4.2/20060401, The Act, chapter S-4.2);

   2.2. **McGill University Health Centre or MUHC**: an academic health centre, affiliated with McGill University's Faculty of Medicine and Health Sciences and comprising one pediatric hospital, five adult hospitals and one long-term-care centre (CHSLD). Exemplary patient care, research and education, as well as equity, diversity and inclusion, are organizational priorities;
   
   2.2.1. Pediatric Hospital: Montreal Children’s Hospital (MCH);
   
   2.2.2. Adult Hospitals: Royal Victoria Hospital (RVH), Montreal Chest Institute (MCI), Montreal General Hospital (MGH), Montreal Neurological Hospital (MNH), Lachine Hospital (LH) and Cedars Cancer Centre (CCC);  
   
   2.2.3. Long-Term-Care Centre or CHSLD: Camille-Lefebvre Pavilion, including the special care unit for long-term ventilated residents;

   2.3. **Board of Directors of the MUHC**: the Board administers the institution and exercises all powers. Its composition is as follows: 10 independent members appointed by the MSSS; 2 members appointed by McGill; 6 designated members (1 per the Regional Department of General Medicine, the Council of Physicians, Dentists and Pharmacists, the Regional Committee for Pharmaceutical Services, the Council of Nurses, the Multidisciplinary Council and the MUHC CUC); 1 ex officio (the president and executive director of the MUHC); and 2 observers (1 for foundations of the MUHC and 1 for Girls on Boards). Although the MUHC CUC has considerable latitude because of its functional autonomy, it is accountable for its actions to the users it represents and answers to the Board by virtue of its being a committee of the MUHC. Therefore, its autonomy is not absolute. The Board has a number of responsibilities in this regard and must ensure the relevance, quality, safety, and effectiveness of the services provided; the respect for users’ rights and efficient handling of their complaints; and the wise and efficient use of human, material, and financial resources;

   2.4. **MUHC President and Executive Director**: the president and executive director is responsible for the administration and operation of any institution that the Board administers, and for the management of its activities and resources. The president and executive director of the MUHC supports the efficient operation of the MUHC CUC and informs each user in writing (e.g., through signage) of the existence of the committee. To promote the proper functioning of the committee, the president and executive director assures the communication of the committee’s existence and fosters an attitude of openness, collaboration, and transparency on the part of all the institution’s bodies and facilities;
2.5. **Management Liaison to the MUHC CUC:** the president and executive director of the MUHC designates a management liaison to support the MUHC CUC. The management liaison serves as a communication link to the president and executive director and the institution’s directorates, attends MUHC CUC meetings at the invitation of the MUHC CUC, and responds to questions or matters of interest of the MUHC CUC, particularly in between meetings of the Board, so that the MUHC CUC can progress with its activities more effectively;

2.6. **Local Service Quality and Complaints Commissioner or Ombudsman:** the local service quality and complaints commissioner (ombudsman) is appointed by and reports to the Board. The Ombudsman is responsible to the Board for ensuring that users’ rights are respected and complaints are handled efficiently. The ombudsman applies the complaints examination procedure according to users’ rights and, if necessary, may recommend to the Board measures for improving how the institution handles complaints. The ombudsman, as part of the complaint review system, may also be asked by the MUHC CUC and/or Residents’ Committee to coordinate with them its promotional and information activities related to the process and promotion of the complaint review procedure to the users and residents the committees represent. The committees and the ombudsman must establish a dialogue and collaborate with the institution’s authorities and partners in order to fulfil their functions;

2.7. **MUHC User:** a patient, legal representative (parent and/or legal guardian) of a patient or recognized caregiver of a patient;

2.8. **MUHC CUC:** a committee of 8 elected members (1 per hospital and 2 with experience at a minimum of 3 hospitals) and 1 designated member (1 per CHSLD) representing the patient population of the pediatric hospital, adult hospitals and long-term care centre (CHSLD) that make up the MUHC;

2.9. **Sub-Committee of the MUHC CUC:** a committee formed and chaired by a MUHC CUC member to address specific mandates or matters (ex. user experience, quality and safety improvements, etc.).

2.10. **Camille-Lefebvre Residents’ Committee:** a committee of 4 to 6 members elected to represent the residents of the Camille-Lefebvre CHSLD and special care unit for long-term ventilated residents of the MUHC (see bylaw no. 4 respecting the election of members of the Residents’ Committee);

2.11. **Interest Group:** Individuals who form a group to support improvements at a MUHC hospital or within a particular mission (groups known before June 22 as users’ committee of a single site or specific mission), but that are no longer recognized as “user committee” since the MUHC CUC is the only official body. Depending on the nature of an interest group’s work, the MUHC CUC may provide funding and/or annual report acknowledgement;

2.12. **Equity, Diversity and Inclusion:** equity is defined as fairness and justice in processes and in outcomes. The presence of differences (race, Indigenous identity, class, gender identity or expression, sexuality, disability, ethnicity, and religion, etc.) within any collection of people represents diversity. The notions of belonging, feeling welcome and valued describe vital aspects of inclusion;

2.13. **Candidate:** a person who is eligible to stand for election as a member of the MUHC CUC; Eligibility requirements and restrictions are as follows:

2.13.1. The candidate must be a current patient or recent former patient (used MUHC services in the last two years), or a legal representative of a patient or a recognized caregiver of a patient;
2.13.2. In the case of the pediatric hospital, the candidate must be between the age of 13 and 18. A patient under the age of 13 cannot stand for election but may be represented as noted above by a legal representative and/or recognized caregiver;

2.13.3. In the case of the CHSLD, a separate election is held to form the Residents' Committee from which the members designate a representative to the MUHC CUC. (See bylaw no. 3 for information);

2.13.4. The candidate must not be an employee or a supplier or a service provider of the MUHC and/or of its research institute and/or of any of its foundations;

2.13.5. The candidate must not be under curatorship;

2.13.6. The candidate must not have a criminal record;

2.13.7. The candidate cannot serve simultaneously on a local interest group (groups known before June 22 as users' committee of a single site or specific mission) and should be prepared to step down if elected to the MUHC CUC;

2.13.8. For the purposes of the 2022 election, the candidate must not have served on the MUHC CUC in the last three years;

2.14. **Term of Office:** the length during which a member serves the patient population of the MUHC. In the case of the MUHC CUC, a member is elected to a term of three years, and may be re-elected for only one consecutive additional three-year term;

2.15. **Voter:** all current and/or recent former patients (used services in the past two years) of the MUHC or their legal representatives or their recognized caregivers, provided they are not employees, suppliers and/or service providers of the MUHC and/or of its research institute and/or of any of its foundations.

3. **Assistance:** the president and executive director of the MUHC assures that the MUHC CUC has the technical and administrative support to assist the election president in the performance of any and all duties.

4. **Gender-Neutral Language:** this bylaw uses gender-neutral language to avoid bias towards a particular sex or social gender, including the use of non gender-specific nouns to refer to roles or professions, the formation of phrases in a coequal manner, and the discontinuing of the blanket use of male or female terms.
