

MUHC Reproductive Centre Baseline Investigations for the Egg Donor

Page 1 of 2

Only tests performed at the MUHC will be automatically sent to us. It is your responsibility to ensure that results for tests performed outside the MUHC reach us before your appointment.

Test results should be faxed to 514-843-1496. Please do not call the Centre for your test results; the staff is not permitted to give results over the telephone.

Important Documents:

- Egg donation booklet
- Egg donation consent form (to be completed and returned)
- Egg donor detail form (to be completed and returned)

Step #1

Complete all tests before you see the doctor.

	Basic Investigation Tests for the Egg Donor	When?	Where?
<input type="checkbox"/>	<p>Baseline Vaginal Ultrasound</p> <ul style="list-style-type: none"> • On Day 1 of your cycle (regular flow bleeding), ☎ call 514-843-1650 514-843-1650 Monday to Friday, 8 a.m. to 4 p.m. to take an appointment for the Baseline Vaginal Ultrasound to be done on Day 2 to 5 of your cycle. • No requisition needed. • If appointment time is not available, wait for your next cycle. • If you need to cancel or change the date of your appointment, ☎ call 514-843-1650 at least 2 working days (48 hours) prior to your appointment or send an email to info@mcgillivf.com . 	Day 2-5 of menstrual cycle	<p>Glen Site 1001 Decarie Blvd. 6th floor of Bloc C Obstetrics & Gynecology Ultrasound Room C 06.4351</p>
<input type="checkbox"/>	<p>Hormonal Blood Tests (FSH, LH, E2, Prolactin, TSH)</p> <ul style="list-style-type: none"> • You can do these tests on the same day of your baseline vaginal ultrasound appointment. • No appointment necessary. (*see opening hours on page 2) • 📄 Make sure you have a requisition (available from the nursing station). • Fasting is not required for these tests. <input type="checkbox"/>	<p>Blood test for CMV (IgG & IgM), HIV, HepBAG, Hep B core Ab (IgG IgM), HepC, VDRL, rubella, CBC, blood type and RH factor and hemoglobin electrophoresis.</p> <ul style="list-style-type: none"> • No appointment necessary. (*see opening hours on page 2) • 📄 Make sure you have a requisition (available from the nursing station). • Fasting is not required for these tests. 	Any day of menstrual cycle	<p>Glen Site 1001 Decarie Blvd. Blood Test Centre 2nd floor of Block D (south side) Room D 02.2307</p>

MUHC Reproductive Centre Baseline Investigations for the Egg Donor

	Basic Investigation Tests for the Egg Donor	When?	Where?
<input type="checkbox"/>	<p>Cervical culture for chlamydia and gonorrhoea</p> <ul style="list-style-type: none"> • On Day 1 of your cycle (regular flow bleeding), ☎ call 514-843-1650 Monday to Friday, 8 a.m. to 4 p.m. to take an appointment. 	<p>This test must be done when you are not menstruating.</p>	<p>MUHC Reproductive Centre 888 de Maisonneuve East, Suite 200</p>

*Glen Site Blood Test Centre

Opening Hours: Monday to Friday from 7 a.m. to 5 p.m.

The Test Centre is closed on MUHC statutory holidays. Please call the main hospital number 514-934-1934 to confirm that the Centre is open.

Step #2

Book an appointment with our psychologist. If you have a partner, he must be present at the appointment. If he cannot be present, then he must submit a letter stating his approval of the egg donation.

Step #3

Make an appointment with your doctor, for you and your donor egg recipient, to review your test results and sign the consent form. A medical order for egg donation will be added to your file. Complete and return the form for Egg Donor Details. Other tests such as genetic testing could be ordered by the doctor.

Step #4

Treatment calendar: A nurse will call your donor egg recipient to schedule an appointment to establish a treatment plan; you will need to be present at this appointment.
