

Préparons avec soin l'arrivée du CUSM

Start of Work Under the Railway Viaduct Week of October 25, 2010

Sir,
Madam,

Ville de Montréal wishes to inform you of the start of construction work on a sewer main under the railway tracks located near the intersection of Boulevard De Maisonneuve and Boulevard Décarie.

This work should begin the week of October 25 and should continue until January 2011.

Traffic and Parking

During this work, traffic will be maintained northbound on Boulevard Décarie (between Crowley and De Maisonneuve) and in both directions (between Crowley and Saint-Jacques).

Motorists travelling on Boulevard Décarie (northbound) may continue to turn right onto Boulevard De Maisonneuve to bypass the worksite. See map overleaf.

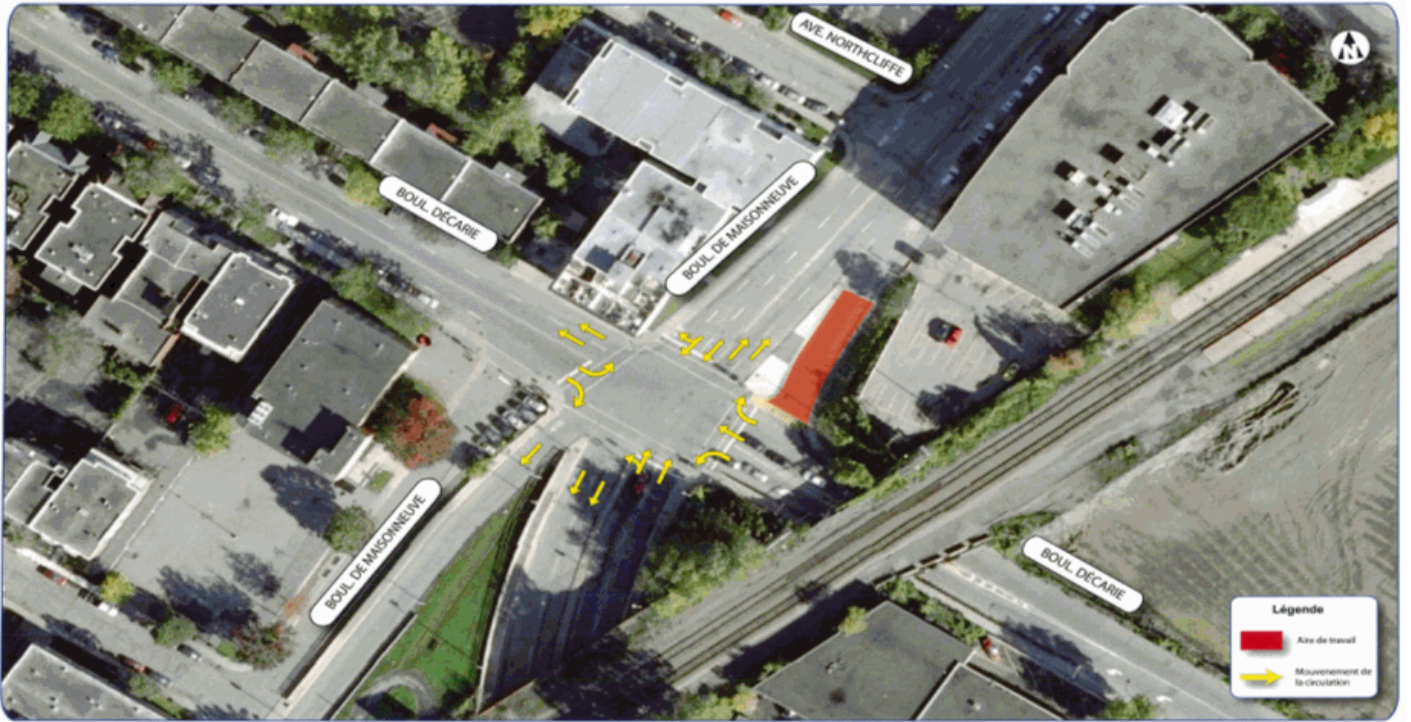

Future Work

From November 2010, teams will start construction work on a large collector sewer along the eastern side of Boulevard Décarie. Additional information regarding traffic and parking will be sent to you through notices to residents distributed door-to-door a few days before the start of this stage.

Information

Information about the project is available online at ville.montreal.qc.ca/chantiers or by calling Info-travaux at **514-872-3777** between 8:30 a.m. and 4:30 p.m. To report emergency situations outside office hours, please dial **311** and mention that your call concerns work carried out by **Ville de Montréal's Direction des travaux publics**.

For further information on the construction work on the Glen Campus, please call **514-934-8317** or email po@muhc.mcgill.ca. You may also visit the Web site cusm.ca/construction.
